

NORTHERN LIGHTS

HAPAG ¹⁸/₉₁ LLOYD
CRUISES

WHEN THE SKY DANCES AND THE SILENCE SHINES

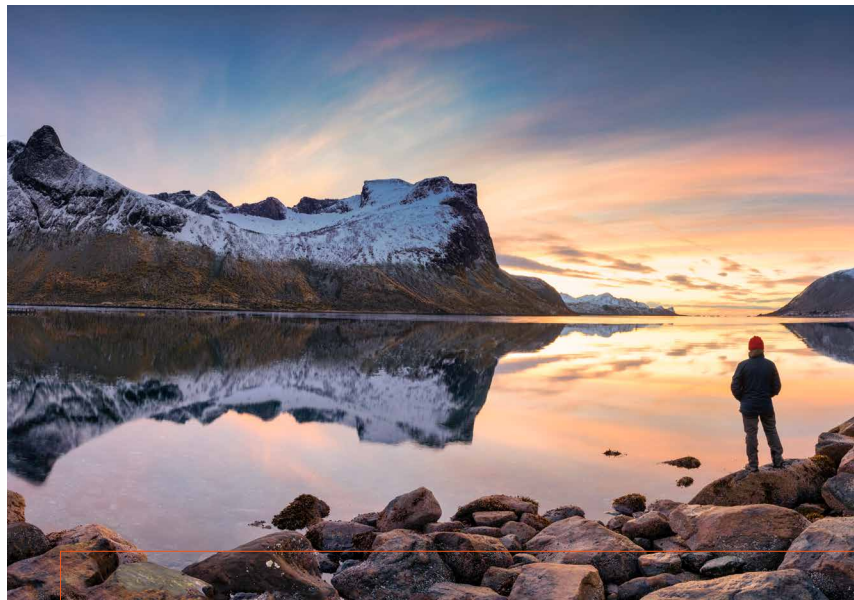

Experience Norway at its quietest and most impressive: in winter, the rugged coastline transforms into a fairytale landscape of snow, ice and deep blue fjords. The clear, cold air, snow-covered mountains and tranquillity of nature create an atmosphere that slows you down and touches your soul.

The absolute highlight of this trip? The Northern Lights. When the sky opens up and green, purple and pink veils dance across the darkness, the world seems to stand still for a moment. This natural spectacle is not only rare – it is magical. And on board the HANSEATIC nature, you have the best place to enjoy it in peace.

On land, idyllic coastal towns such as Bergen, Trondheim and Tromsø await you, all of which have a unique charm in winter. While cruising through majestic fjords, you can expect warmth, comfort and cosiness on board. While the wild beauty of the north unfolds outside, you can enjoy culinary delights, relaxing hours and the luxury of simply marvelling at the scenery.
